

GENERAL WILLIAM LENNOX JOINS PRINCETON POWER'S BOARD OF DIRECTORS

(May 7, 2013) Princeton, NJ - Princeton Power Systems (PPS) today announces that Lieutenant General William Lennox Jr., recent Senior Vice President of the Goodrich Corporation, has joined its Board of Directors.

"General Lennox brings to Princeton Power valuable experience and capabilities from his many years of distinguished service and leadership in the military and industry. The company will benefit greatly from his contribution as a Board member," says Board Chairman, Dr. Ed Zschau.

General Lennox served thirty-five years in the army, culminating his career as Superintendent of West Point. Lennox also served as Chief of Army Legislative Liaisons, as well as, Deputy Commanding General U.S. Eight Army, in Korea.

"I'm delighted to be associated with Princeton Power Systems, an innovative cutting-edge company," says Lennox. The General has also been awarded the Defense Distinguished Service Medal, and the French Legion of honor.

"It is an honor to work alongside General Lennox," says Executive Vice President, Darren Hammell. "He brings tremendous value and insight to our strategy of improving energy management and reducing fuel convoys for military domestic and forward operating bases."

In addition to his Bachelor of Science degree from the United States Military Academy, General Lennox holds a Master's Degree and Doctorate in Literature from Princeton University.
